PUBLIC EDUCATION

www.schools.paulding.k12.ga.us

As required by the Quality Basic Education Act of 1985, Georgia must maintain a curriculum that specifies what students are expected to know in each subject and grade. Additionally, the state's standardized tests, the Criterion Referenced Competency Test (CRCT) for grades 1-8 and the Georgia High School Graduation Test (GHSGT) for Grade 11, must be aligned with curriculum.

TESTING

EOCT - "End of Course Tests" are re-

quired at the end of each school year, grades 9-12. The A+ Educational Reform Act of 2000, O.C.G.A. §20-2-281, mandates that the State Board of Education adopt end-of-course assessments for core courses to be determined by the Board. These tests are designed to measure student performance on the goals, objectives and competency measurements specified by Georgia.
www.doe.k12.ga.us

AYP - "Adequate Yearly Progress" is a measurement of how every public k-12 school and district in the country meets the standards as per the federal No Child Left Behind Act of 2001. AYP "sets the bar" for school performance by groups of students, and schools and districts can either clear the bar or miss it. Districts need to meet every single performance target set for them. Targets are set for Dallas student attendance, cohort graduation rates, and for student performance on the Georgia standardized tests in reading and mathematics.
